Susanna Lakey

Seattle, WA | susannalakey@gmail.com |
susannalakey.com | github.com/slakeyj | susanna-lakey

Front-end software developer with a passion for web development using industry best practices. Looking to join a team that enjoys collaborating and is driven to build lasting experiences for their stakeholders.

SKILLS

Languages: JavaScript, TypeScript, CSS, HTML5
Tools: React, Jest, MongoDB, Mongoose, Express, Git, GitHub, Material UI, Node.js, VSCode

EXPERIENCE

Teaching Assistant | Code Fellows | *Seattle, WA*
May 2020 - October 2020

- Code reviewed student JavaScript homework submissions and gave feedback that helped them improve upon their coding abilities.
- Mentored students on good coding practices and problem solving abilities.
- Helped students in their final project week by assisting with debugging, giving constructive feedback on their presentations, and helping them to think through abstract problems.

JavaScript Developer Student | Code Fellows | *Seattle, WA*
July 2019 - April 2020

- Collaborated with a team in week long sprints to complete 4 projects utilizing new skills we had been trained in.
- Covered an array of topics including data structure & algorithms, APIs, React, Redux, test-driven development, continuous integration, and responsive design.

Shelter Caregiver | MEOW Cat Rescue | *Kirkland, WA*
May 2020 - October 2020

- Trained new employees and volunteers to the standard required by the shelter.
- Contributed to the development of an emergency response plan in the event of a medical emergency of a cat.

PROJECTS

Plan It | github.com/slakeyj/to-do-typescript

A to-do app written with TypeScript, React, and Material UI.

Trip Up | github.com/tripup/tripup
An API to help plan and coordinate group trips using JavaScript, MySQL, Sequelize, Jest, Express, Bcrypt, Json Web Token, and Base-64.

Coder's Living Instant Journal | github.com/Coders-Living-Instant-Work-Journal
Web Application written with javaScript, React, Redux, Bootstrap, Sass, Superagent, and MongoDB. Allows a user to create, read, update, and delete categorized journals from their terminal and the web app at cli-journal.web.app

EDUCATION

Certificate - Advanced Software Development in Full-Stack JavaScript
Code Fellows | *Seattle, WA*
July 2019 - April 2020

Associate of Arts and Sciences
Bellevue College | *Bellevue, WA*
2011 - 2014 | 3.7 GPA
